

ADIRONDACK ROUND TABLE

ASSEMBLY MANUAL

Parts List

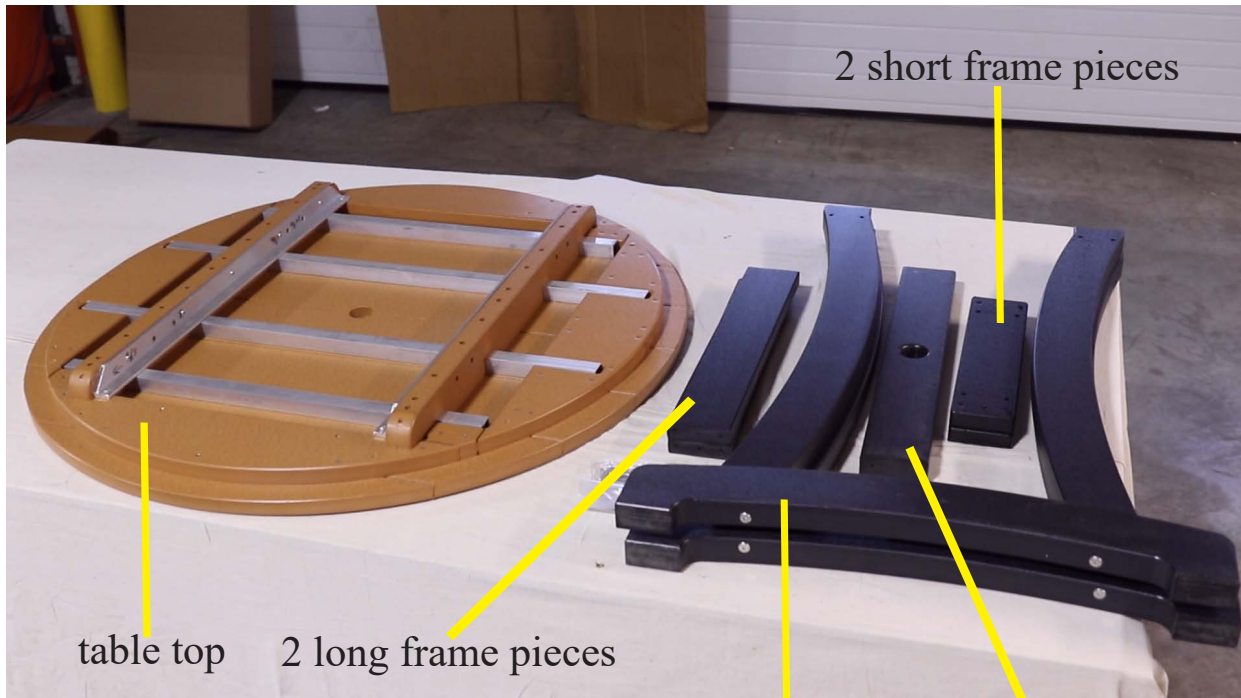

table top

2 long frame pieces

2 short frame pieces

2 leg assemblies

umbrella receiver

Note: this is a generic assembly manual; the product you received may not look exactly as pictured in this manual, but the assembly process will be the same.

Tools Required For The Job

5/32" Hex Key
(included)

#2 square drive tip
(not included)

1/4" wrench
(not included)

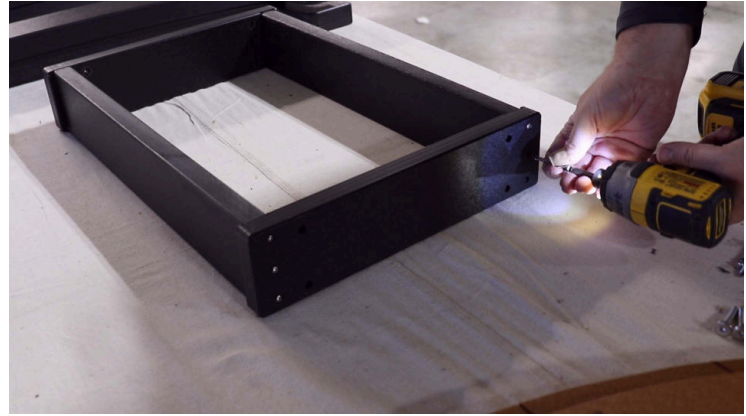

*NOTE: This Hex Key is used to tighten all the screws used in the assembly process.

Step:1

Place table top upside down on a clean, smooth surface.
Then begin assembly of table brace with the two short frame pieces and two long frame pieces.

Step:2

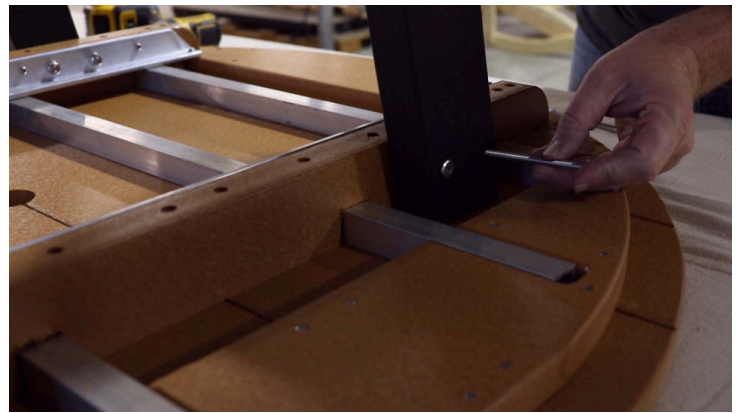

Assemble the table. Brace the table by fitting the cross pieces into the notches of the end pieces and fasten using 2 1/2" screws in the pre-drilled holes.

Step:3

Fasten leg assemblies to table top. Be sure notches are turned in towards center of table.

Step:4

Fasten using 3 1/2" bolts and flange nut.

Step:5

Fasten table brace (assembled in step 2) to legs using 2" bolts and pre-installed nuts.

Step:6

Place umbrella receiver into the pockets on the two feet and fasten using 2 1/2" screws.

Step:7

Tighten all bolts.

Step:8

Congratulations! Your assembly is now complete.
Your table should appear like this when finished.
